

## boilton, nab, redscar & tunbrook woods map

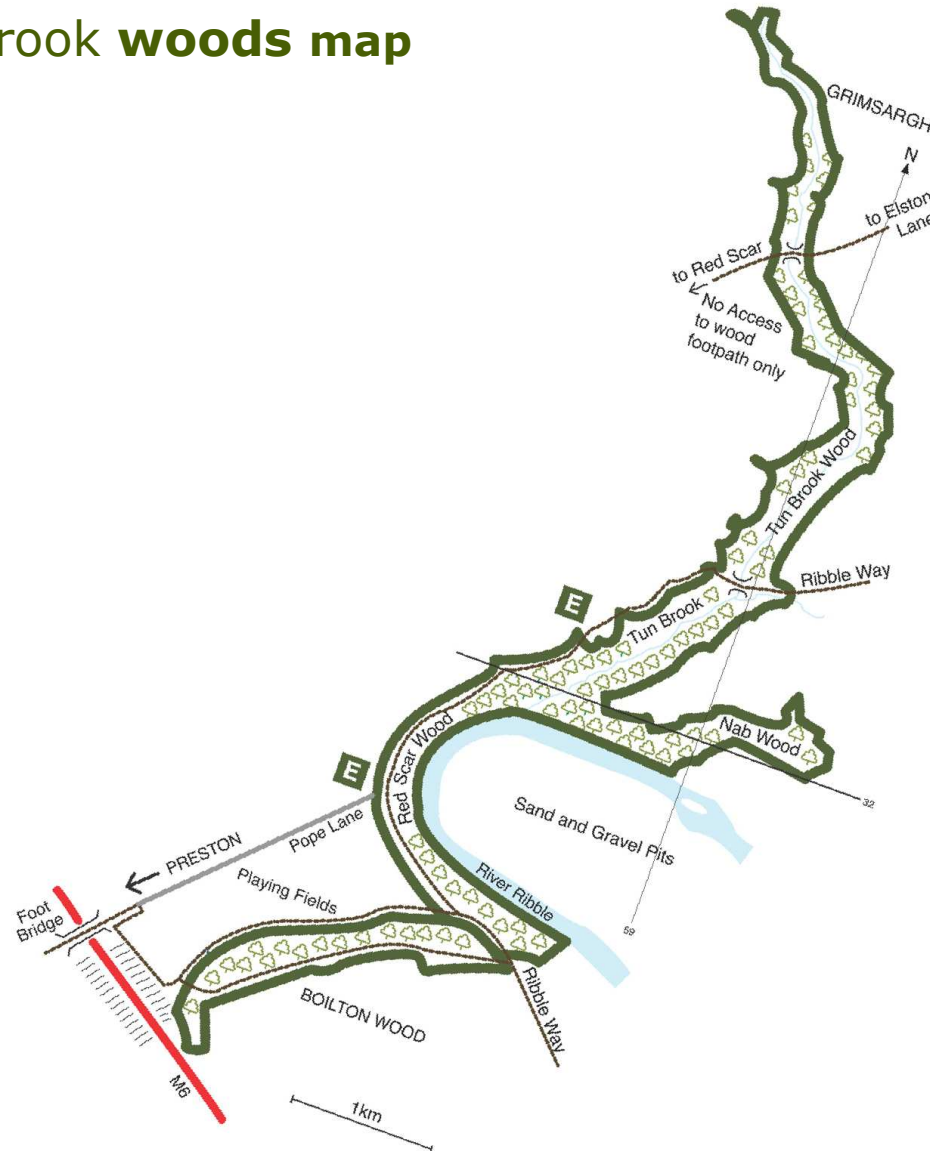

### Location

Turn off the M6 at Junction 31 and take the A667 for Preston city centre. Turn off along the A5065 Blackpool Road at the roundabout at the top of the hill. At the first set off traffic lights, turn right onto Miller Road, travel past a small shopping centre and continue to a residential area, where Miller Road becomes Pope Lane. Vehicles may be parked on Pope Lane before the pedestrian bridge across the M6. Walk over the bridge and then take the public footpath (unsigned, but marked on the OS map!) over the open field on the right of Pope Lane (now an unsurfaced track). Boilton Wood is visible on the far side of that field and the public footpath route leads to the entrance to the permissive footpath. Access is also available from Preston Crematorium on Longridge Road (B6243). Parking is limited.

### Access

Boilton Wood has public access and a permissive footpath is provided through the wood. However, this is not surfaced and includes a lengthy and steep stretch of steps.

Access to the remainder of the woodland is by permit only. However, the Ribble Way, a long-distance footpath, runs along most of its north-western edge and crosses it once on a footbridge. Two other public footpaths cross the woodland closer to Grimsargh. Please bear in mind that some of the northernmost part of the woodland, near Grimsargh, is privately owned and that a permit to enter the nature reserve only applies to land owned or managed by The Wildlife Trust. Great care must be taken, particularly after heavy rainfall, as the steep banks may be dangerously slippery and liable to subsidence.
